## Easy Automation Landscape Control System

### Recommended retail pricing (Ex GST)

Updated: October 10, 2018

<b>EasyController – Controls one to hundreds of zones</b> No upgrades or additional controller costs for extra zones. Includes 21" screen, keyboard and mouse.	<b>\$1,199.00</b>
<b>Optional upgrade to 22" touch screen (+ mouse &amp; keyboard)</b> and other screen options are available for Easy Automation customers e.g. smaller/larger, industrial. POA	<b>\$299.00</b>
<b>Transformer</b> This transformer is sufficient for most domestic irrigation and garden lighting systems. For systems using lighting the required transformer capacity will depend on the maximum current drain when the lighting is turned on. Larger transformers POA	<b>\$59.00</b>

### EASY AUTOMATION POWERLINE DEVICES

<b>EasySwitch</b> Two outlets that can each control either irrigation or 12v LED lighting. <b>Note:</b> No additional Easy Automation costs for extra zones other than EasySwitch devices.	<b>\$198.00</b>
--	-----------------

*The Easy Automation system is an investment in the present and the future. Software enhancements (available to all users) and additional optional devices are being developed to add to the family of the Easy Automation system device*

*The Easy Automation Landscape control systems uses a single cable and industrial control technology used in over 36 million devices worldwide.*

<b>Cable 6mm</b> This low voltage cable (also available at electrical suppliers) is sufficient for almost all installations and can be run for hundreds of meters and branched if desired. It is nearly the thickness of a lead pencil, so it resists damage but should be buried to protect from damage and sunlight. See the Installation Guide for further details.	<b>\$2.50 per meter</b>
---	-------------------------

### Pricing Disclaimer

Prices and product availability are subject to change without notice.

- \* **Note:** Control of 240VAC mains devices requires a qualified electrician connection or the Easy Automation EasyPower device.
